

With SparkPoint, Clients Grow and Prosper

At the 13 SparkPoint Centers across the Bay Area, people can access a wide variety of services to help them achieve financial prosperity.

SparkPoint Services

SparkPoint clients work one-on-one with a coach who helps to identify goals, develop a step-by-step action plan and keep clients on track.

Our services focus on three key elements of financial prosperity: managing credit, increasing income and building assets.

The Path to Prosperity

Clients are encouraged to set long-term goals and check in with their coaches on a regular basis. Some of our most successful clients have been with SparkPoint for more than a year.

We define prosperity as 1) earning a self-sufficient income, 2) increasing your credit score to 700+, 3) having no revolving debt, and 4) building enough savings to cover at least three months' worth of living expenses.

Partners Make it Possible

Each SparkPoint Center brings together some of the region's most effective agencies to make a variety of services easily accessible for busy clients.

There are currently more than 80 partners providing services at the 13 Bay Area SparkPoint Centers. With the support of these partners, clients are able to access everything from financial and career coaching to credit and debt management (and much more).

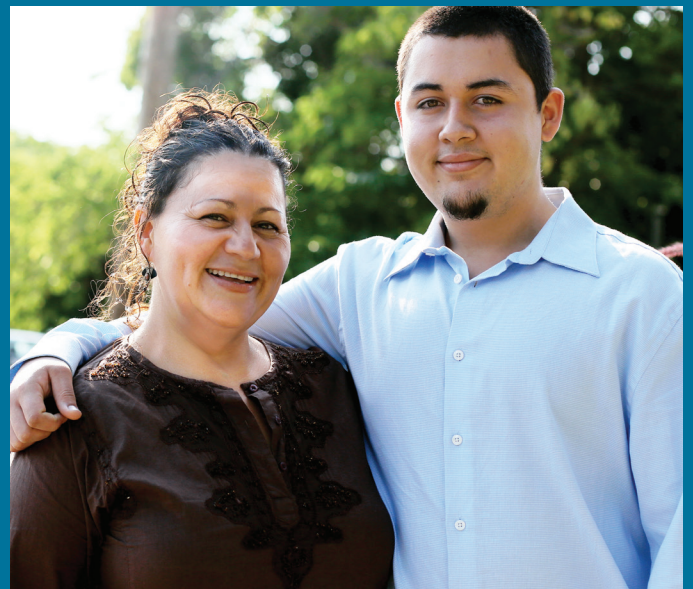

SparkPoint Success by the Numbers

24,000+ individuals have been served by SparkPoint since the program launched in Oakland in 2009.

In the last year, **83%** of our clients made progress toward financial stability and **35%** achieved a Prosperity metric (100% self-sufficient income, 3 months of living expenses saved, a credit score of 700+, or no revolving debt.)

"I worked at the same grocery store for 14 years before health issues forced me to quit. As a single mom, I struggled to provide for my family even with a job, so when I fell on hard times, I felt completely lost. Then I found SparkPoint. They helped me find a job, make a budget and savings plan, and get out of debt. With their help, I raised my credit score by 100 points!"

– Zoila Deras
