**RE: 2014 National AFL-CIO United Way Endorsement**

Dear Brother and Sisters:

Strong community partnerships are vital in building power for working families and our communities. The AFL-CIO is always looking for opportunities to join forces in the fight for working families, and no partner has stood with us in this fight longer than United Way. AFGE has long supported the United Way Campaign.

The foundations of a strong community are shared economic prosperity, excellent public education and quality health care. For this reason, the American Federation of Government Employees (AFGE) enthusiastically endorse the 2014 United Way campaign and encourage you to do the same.

Sincerely and in solidarity,

J. David Cox, Sr.  
National President
