

February 25, 2014

Dear Members and Supporters of Working America,

Strong communities require strong foundations, and the foundations of a strong community are economic prosperity, strong public education, and quality health care. The labor movement and the United Way have a long tradition of working together to help workers, families, and communities in need.

In communities around the country, United Way funding makes it possible to provide services people need to get back on their feet. There are over 200 Community Services Liaisons supported by the United Way who serve working families in communities around the country.

Together we can help those in real need now while we work to rebuild our economy. Please join me in supporting the 2014 United Way Campaign, by doing so you are helping to create opportunities for a better life for all.

In Solidarity,

Karen Nussbaum
Executive Director
