

EMERGING LEADERS

TODAY'S YOUNG PROFESSIONALS TOMORROW'S COMMUNITY LEADERS

WHY JOIN EMERGING LEADERS?

The mission of the **United Way Emerging Leaders (EL)** is to engage, inspire, educate, and empower young professionals in the Bay Area to make a difference through fundraising, volunteerism, educational opportunities, advocacy, and networking events.

Membership provides many opportunities throughout the year to strengthen personal professional connections, learn about relevant social issues and participate in on-the-ground volunteerism that promotes change. Emerging Leaders makes it fun and easy for young Bay Area residents to fight for worthy causes in our community.

EMERGING LEADERS GOALS

In the Bay Area, over 600,000 Bay Area households struggle to meet basic needs. We are committed to uniting our resources, talents, and time to support UWBA's Youth Opportunity Pathways program to ensure the next generation have ownership and voice in their own futures.

From inflation to income instability resulting from the pandemic and housing market, too many families are forced to make difficult financial decisions daily. With a meaningful gift of any amount you can join EL today and help us achieve our goals:

- Build a network of philanthropic young professionals committed to fighting Bay Area Poverty
- Grow one other's professional careers, through community experiences, unparalleled networking, and educational opportunities
- Educate and empower Bay Area residents, with a special focus on helping youth
- Affect real change by advocating for anti-poverty initiatives and participating in volunteer activities

"Emerging Leaders is a network of passionate, young professionals creating lasting impact in their communities. Members connect to their communities and each other through volunteerism, networking events, and advocacy."
